At present the financial condition of the Municipality is far from satisfactory. Excluding the extraordinary revenue of about Rs 10,000/- under sale of sites and a sum of about Rs 1,000/- under Octroi revenue due to prevailing high prices which may not continue, the normal revenue of the Municipality will be about Rs 14,000/- and excluding the expenditure of Rs.5,000/- under Land Acquisition the normal expenditure is about Rs 18,500 leaving a deficit of about Rs.4,500/- as detailed in the enclosed statement. The Municipality cannot therefore set apart any portion of their normal receipts towards the repayment of the loan of Rs.15,000/- proposed to be sanctioned by Government, unless their revenue is augmented by drainage cess at the rate of four annas in the rupee on house, land and shop tax as agreed to by them in their resolution No XVIII dated 4-5-1941 and the toll gates are worked departmentally by Municipal agency as suggested in G O No L 6761-71/M1 131-39-3 dat 1-2-40

27) To ensure the regular repayment of the loan it is desirable to sanction the proposals of the Council to levy the new cess and to order the continuance of the working of the Toll by ~~xxxx~~ amani before the loan is formally sanctioned or simultaneously.

The revenue realised from these two sources should be earmarked towards the repayment of the loan

**Speech delivered by His Highness the Maharaja of Mysore in reply to the Addresses presented by the Bangalore District Board and the Kankanhalli Municipal Council on the occasion of Laying the Foundation Stone of the Bridge across the Arkavathi near Kankanhalli**

*14th December 1944*

MEMBERS OF THE BANGALORE DISTRICT BOARD AND THE KANKANHALLI MUNICIPAL COUNCIL LADIES AND GENTLEMEN

THE purpose for which we have met here to day marks the realization of a long cherished ambition and the fulfilment of a real want The question of constructing a bridge across the Arkavathi river near Kankanhalli has been under contemplation for over fifty years I share your gratification that it has now become possible to take up the work for execution

Increasing attention is paid at present by the local bodies throughout the country to the opening of new roads which include the construction of new bridges It is well known that economic progress and development of trade and commerce depend upon an efficient system of communication and transport

The policy of my Government has been to encourage and assist District Boards in undertaking such works of public utility During the last few years bridges have been built across the Cauvery, the Shimsha, the Hemavathi, the Tunga and the Bhadra rivers in various parts of the State This bridge will open out a direct communication to Kankanhalli from Bangalore obviating the need for using the circuitous route through Closepet and

2 The financial position of the Municipality has now improved from what it was during the year 40-41 when the scheme was ordered to be deferred by Government in their letter No L 2562-M1 73-40-8 dated 24-9-1941 The budget figures of the Municipality ~~xxxxxx~~ for the year 1944-45 are noted below.-
